

CONTENEURS

S.E.A.

NEW CONTAINER

A new container has been used a few times for shipping or for a single trip.

Store new goods: clothes & items for sale.

Customize the container to your company's colors and modify it, as per your requirements

Higher cost related to the container's good condition.

USED CONTAINER

A used container is 10 years old on average and has imperfections.

Store tires, cars, equipment and tools.

Customize the container's color to your company's brand and modify it to fulfill your needs.

Lower cost due to the imperfect condition of the container.
